

Thread the lucet as shown.
Repeat from here:-
Rotate in the direction shown.
(reverse all for left handed operation)

Lift the lower loop 'A' over the upper loop 'B' with a wool needle or similar whilst holding the tail of the wool firmly against the lucet handle.

Pull firmly as shown to pull the knot across to the right hand prong.
Repeat above pulling tail occasionally to keep cord taut and square.

Experiment with different weights of yarn, mixing colours and adding beads etc. for a variety of different cords.
